NEWS OF OUR MEN and WOMEN IN UNIFORM

After 40 months with the Coast Artillery corps in the Asiatic Pacific theater of operations, Corporal **Walter J. Brewer** is to have a furlough, according to the public relations officer for the Ninth Service Command. He is scheduled to arrive in Daly City soon to visit his parents, Mr. and Mrs. Edward Brewer, 139 Evergreen avenue.

Brewer's extended service at the front is a matter of pride with his family. He is a graduate of Jefferson Union high school. Readers of The Record may recall a photograph of him which appeared in the July 29, 1943, issue. It showed him picking salmon berries, one of the very few berries or fruits to be found in the Aleutians.

William W. Freeman jr., 19, whose home address is 462 Evergreen avenue, Daly City, has been promoted to the rank of staff sergeant, according to the 15th AAF in Italy. He is a tail gunner on an AAF Flying Fortress operating from an Italian base.

Sergeant Freeman has flown 28 combat missions and has been awarded the Air Medal.

He attended Jefferson Union high school where he was captain of the football and basketball teams. He was employed as a teamster before entering the Army, October 2, 1943. He won his wings at Las Vegas, Nevada.

He is the son of Mr. and Mrs. William Freeman of Daly City.

Private First Class **Roy J. DeVincenzi** has been awarded the Good Conduct Medal. He is now serving in Burma and the presentation was made for efficiency and cooperation in his work, according to word sent his parents, Mr. and Mrs. Louis DeVincenzi, 280 Hillcrest drive.

DeVincenzi was president of the student body at Jefferson Union high school in 1942. He was in India with the Army before being sent on to Burma.

Private First Class **William J. Sweeney jr.** was a recent Daly City visitor. His parents are Judge and Mrs. W. J. Sweeney, 6806 Mission street.

Sweeney, who is with the finance department of the U. S. Army Air Corps, has been transferred from Kelly field, Texas, to Tinker field, Oklahoma. Before Kelly field he was at Carlsbad Army Air field, New Mexico. Prior to entering the armed forces, Sweeney was a state bank examiner.

It's often a month old by the time he gets it—or more—but he still enjoys The Record—that's the word, this week, from **Arthur B. Sadler.** He's with the U. S. Navy as a signalman third class and has spent most of the past two years on board ship. His parents are Mr. and Mrs. Arthur W. Sadler, 31 Risel street.

Sadler, a graduate of Jefferson Union high school, married a Utah girl when he was at home on leave, last Christmas.

Flight Officer **Otto P. Bueren** had three days in Daly City when he transferred from Georgia to Lincoln, Nebraska. He left here, Sunday, October 8, after visiting his mother, Mrs. Babetta Bueren, 3304 San Jose avenue.

Bueren took his pre-flight training at Maxwell field, Alabama and additional training at Dorr field, Arcadia, Florida. He's a graduate of Jefferson Union high school.

Sergeant **Paul E. Ingram** was a recent visitor at the home of his sister, Mrs. Pearl E. Ingram, 523 San Diego avenue. He had just returned from 30 months overseas with the U. S. Marine Corps. In the famous Second division, he had been in five major battles. For his bravery at Tarawa he received the Silver Star.

He left, Friday, October 13, to report to Camp Pendleton, California.

MISSING IN ACTION

Word has just been received by Mrs. Mary Grenier, 1130 Brunswick street, that her son, Lieutenant David A. Grenier, is missing over Germany. It was only in March of this year that Grenier, a graduate of Jefferson Union high school, completed his training and was graduated as a pilot and commissioned at Pecos Army Air field, Arizona.

His wife, the former Miss Thelma Clarke, San Francisco, who has been in Long Beach, has returned to Daly City.

NOW AN INSTRUCTOR

Corporal James A. Fox, son of Mr. and Mrs. Ambrose A. Fox, 526 Crocker avenue, was graduated, recently, from the Army Air Forces Central Instructors school at Laredo Army Air field, Laredo Texas, a member of the AAF Training Command. He is now fully qualified to become an instructor at one of the nation's seven aerial gunnery schools.

He was prepared for his instructing duties by the completing of a comprehensive six weeks course in the most modern methods of instruction on aerial gunnery, according to the public relations office of the school.

Before taking his advanced work at Laredo, Fox studied gunnery at Kingman, Arizona. He entered the Army at San Francisco, October 9, 1943.

Mr. and Mrs. John Steele, 475 Winchester street, are expecting their son, **Henry Steele,** home this week. He has just completed officers' training at the Maritime Service school in New London, Connecticut. Before entering the Maritime Service, Steele attended Jefferson Union high school.

Mrs. Lena Sereni, 420 Santa Barbara avenue, has received word that her son, **Julio Sereni,** private in the U. S. Marine Corps Reserve, has been killed in action. He had been overseas since January and seen action at Tinian, the Marshalls and Saipan.

Sereni volunteered into the Marine Corps at the age of 17, leaving his classes at Jefferson Union high school to get into the service of his country.

Vets Recommend No Celebration

Both Daly City Post No. 410, American Legion, and Old Glory Post No. 2044, V. F. W., have adopted a resolution recommending that Daly City have no part of the pre-mature Victory Day celebration anticipated in some quarters at the close of the war in Europe. Drafted by Rene Brulez of Old Glory Post, the resolution states in part:

"Whereas there is much talk about a Victory Day celebration at the close of the war in Europe, and

"Whereas the war with Japan has not been won and will probably last another 18 months, and

"Whereas any celebration prior to complete victory would have a tendency to weaken our war effort and lead to a complacency among many of our people, thereby defeating all out production, and

"Whereas there is still a big job ahead and our boys fighting the Japanese Empire expect us to remain on the job to bring this war to a successful conclusion,

"Therefore be it resolved that all V-Day celebrations be held in abeyance until this all out war has been won, and be it further resolved that Old Glory Post and Daly City Post go on record as opposing celebrations of a premature V-Day because of the capitulation of Germany."

The resolution was ordered referred to the city council of Daly City and the press for appropriate action.

Students To Have One-Day Vacation

Tomorrow, October 20, will be a holiday for pupils of the Daly City public schools. For local teachers, however, it will be a day of study and discussion. Faculty members of Jefferson Union high school and teachers of the Jefferson Elementary district are scheduled to attend an all-day institute at Burlingame called by Miss Pansy Jewett Abbott, San Mateo county superintendent of schools.

Theme of the teachers' institute is "Science in California Schools." Frank B. Lindsay, assistant superintendent of public instruction for the State of California, will be principal speaker. Most of the day will be given over to panel discussions.

Stanford Hannah, principal of Jefferson Union high school, and R. L. Crane jr., superintendent of the district grammar schools, will both participate in the institute's program as will members of their staffs.

Hold Sailors For Superior Court

The two sailors arrested by Daly City police, October 9, for robbing a Colma boy, Waldron Bryant, in front of Jefferson Union high school, were held for trial in San Mateo County Superior Court, Tuesday, October 17, when Judge William J. Sweeney held preliminary hearing in the case. Bail was set at $1,000 cash each or $2,000 bond and the men, Marvin George and Conrad Howlett, were transferred to the sheriff's office.

The pair appeared in local court, Tuesday morning, without counsel and only George elected to speak on his own behalf. Claiming that he had had several brandies in San Francisco and did not realize he was pulling a knife on the Colma youth, George gave his version of the episode.

A. S. Whitmore, chief deputy district attorney, was present at the hearing. Witnesses sworn in included the victim, Bryant; Officer Roland A. Petrocchi of the local force; Leo Porter, California Highway Patrol, who spotted the

Girl Scouts To Exhibit Arts, Crafts For Week

As their major project for the celebration of Girl Scout Week, October 29 through November 4, the Scouts and Brownies of the Daly City-Colma area will prepare an exhibit of arts and crafts. It will be set up in the front window of McGraw's pharmacy, 6300 Mission street.

Among the many items on display, which will demonstrate a few of the various skills learned by the girls in Scouting, will be dish towels, bookcovers, stuffed toys, potholders, lapel ornaments, aprons, spatter painting, baskets, invitations, place cards, scrapbooks, rug weaving, water painting, and a doll house.

Approval for the public display was given at the last meeting of the local Girl Scout Council.

Complete Plans For Colma Rodeo

The American Cowboy Association of Colma will conduct a rodeo and horse show for the benefit of the building fund of Holy Angels church, Sunday, October 22. The event will be held at 1 p. m. at Washington street and Junipero Serra boulevard and the public is urged to attend. Final arrangements were today being made by William Cresta, George Olmo, and other members of the association.

Men of the parish have been working hard to insure the success of the rodeo. Ticket sales have been under the direction of Mat Grady, Thomas Laramie, Lorenzo Giuffra, and Leo Graziani. On the door committee are Joseph Eberle, C. Cattori, Pat O'Leary, and Peter Benassini. The vigilante group includes Peter Cresci, Dan Cavagnaro, Michael Ryan, Lawrence Pinocchi, and Oratio Maffei.

Refreshments, always important at an outdoor show like this one, will be handled by Bart Micheli, Gene Graziani sr., Louis Stanghellini, Thomas Callan. Ladies of the parish will prepare the hot dogs and boys will serve the food and beverages.

Success of Sunday's event will help assure a new building for the Colma parish and Father James Sorasio announces that the church will sincerely appreciate a good attendance. In turn, he said, he felt sure all those who come out to the rodeo grounds will enjoy an exciting afternoon of horse show events at their best.

Announce Baseball Game For October 22

Sunday's Peninsula Winter Baseball league contest, played at Marchbank park in Daly City, gave the Regal Pales a decisive 13-2 win over Campi's Tavern. Oliver, winning pitcher, held the Taverns to seven hits, while the Regals made 11.

Scheduled to meet in the league contest at 2 p. m., October 22, are the Coast Guard and the Laundry Workers squads.

Reardon's Case

James G. Reardon's petition for reinstatement as police chief of Daly City will come to trial, Wednesday morning, October 25, in the superior court of San Mateo county. Judge Andrew Schottky, of Mariposa, will hear the case at Redwood City.

Reardon, who is asking for a return as chief and to civil service status, arrears in salary and general relief, will be represented by Attorneys Joseph J. Bullock and Raymond J. O'Connor. The City of Daly City and Councilman Howard A. McHugh, named in the alternative writ of mandate issued by the court following Reardon's petition, will have City Attorney F. E. Hoffmann and Attorney John W. Coleberd, South San Francisco.

Reardon was ousted over the protest of two of the five-man city council in June.

Local War Chest Not Far From Goal

By October 14 Daly City had achieved $2,213.20 in its War Chest drive, according to Mrs. Clara E. Lane, chairman. This leaves only $736.80 to go to reach the community's quota of $2,950. Speed with which this total was reached was made possible through the cooperation of the many volunteers assisting her, Mrs. Lane pointed out. She paid high tribute to all who are helping in the drive and to those local residents who have made their donations here at home.

The local War Chest campaign expressed the hope that collections could be completed in the next ten days and urged those Daly City residents who have not been contacted by a canvasser to mail checks or money orders to Mrs. Lane at 634 Hanover street or leave them at the Red Cross workroom above the Daly City theatre, Wednesdays or Fridays between 10 a. m. and 4 p. m.

Division leaders under Mrs. Lane are Mrs. Cecelia Hale, Mrs. Hazel Marsh, and Mrs. Mary Crane. The business district canvass is being made by John Degliantoni, Mrs. Marce Trier, and Mrs. Horace Fellows.

Daly City, in participating wholeheartedly in the San Mateo County War Chest, is able to achieve a three-fold goal, leaders of the drive pointed out. The donations made aid the boys in the armed forces by supporting U. S. O. and Prisoners Aid; contribute to home-front welfare agencies such as Scouts and the County Blood Bank; swell the coffers of the various relief associations getting food and aid to the civilian victims of war in allied lands.

Added impetus was expected in local contributions following a talk made at Jefferson Union high school, Tuesday, October 17, by Dr. Darius Davis, executive secretary of War Prisoners Aid society. Dr. Davis has been decorated by a half dozen countries for his special services to prisoners of war. He had just returned from a speaking tour of South America. His address at the special War Chest assembly, was followed by a talk on the general work of the drive by H. M. Krytzer, executive secretary of the Boys' division of the Central Y. M. C. A.

Students held class meetings, yesterday, October 18, and made contributions to the fund.

Colma District

Although Colma district had only reached 25 per cent of its $2,150 quota, early this week, all volunteers are hard at work making up for the late start which the community encountered. Mrs. Alma Garibaldi, chairman, and Mrs. M. Pauline Brown, co-chairman for the drive, expect that the coming week will see a marked improvement in the total for the area. Many pledges have been made.

For the convenience of residents who may not be at home when the canvasser calls, contributions may be left with John Ferrari or Leo Graziani at the Colma branch, Bank of America, or checks and money orders made payable to the San Mateo County War Chest may be mailed to Mrs. Brown, Box 1653, Colma, 25, California.

Record Registration

San Mateo county has a record registration of 76,180 voters for the November 7 general election, according to figures released, this week, by Clerk William H. Augustus. There are now 39,512 Democrats in the county eligible to vote as compared to the previous record of 31,242, and there are 33,417 Republicans, nearly a 7000 increase over the 26,856 figure in May.

Augustus said that the peak registration for any previous election was 60,040, attained at the May election, this year. The fig-

station wagon described in the broadcast from the local officers' car and stopped the two on Bayshore highway; Lieutenant John T. MacMullen, U. S. Navy, San Bruno.

Evidence held over for the superior court in the felony case included the knife which George pointed at Bryant, declaring, "This is a stickup;" the sheath for the knife which bore his name; Bryant's wallet found in the glove compartment of the station wagon by Petrocchi the night the two men were taken into custody.

Other police matters for the current period dealt with the usual number of neighborhood rows, drunks, and petty thefts.

Officer Henry Sundermann jr. recovered a bicycle reported stolen, October 14, in front of 6173 Mission street. It had been taken from the Gallagher residence, 53 Theta avenue, October 10. During the period an unidentified lad had attempted to sell it to a local auto dealer.

It was a hard week on glass, window and otherwise. October 13 at 6:20 p. m. Officer Petrocchi and Sergeant Benedetti investigated an accident at a south end tavern. A patron, who had been drinking, fell through the top of a pinball machine. October 16 at 12:25 a. m. a sailor broke a window at 6147 Mission street. Officer Petrocchi and Sergeant Benedetti reported to the scene and had the man, who insisted he accidentally fell against the glass, pay for the damage promptly.

October 16 at 9:40 a. m. Officer Dean Wood took Frank Dolan, Buffalo, New York, to Veterans hospital in the police car. The man, who was ill, claimed he had been beaten and robbed of $110 in San Jose.

A report of a prowler at Gilmore's tavern, 6456 Mission street, brought Sergeant Benedetti, Officers Roy Beecher and James Welsh to the scene at 12:20 a. m., October 17. After a thorough search, however, they decided it must have been a rat knocking over a bottle in the basement.

Erect Fire Escapes On Woodrow School

Added protection for children of the community attending Woodrow elementary school on Santa Barbara avenue was provided, this week, as erection of two fire escapes on the front of the building proceeded. In the event that fire blocked the runways at the back of the school, the new escapes would provide exit.

Trustees of the district called for bids for the construction of the two fire escapes in July, 1944. Plans and specifications were prepared by Alfred F. Roller, architect. Woodrow elementary is the only two-story building in the district.

Pupils of the Jefferson district, having completed one of the most successful waste paper drives since the beginning of Salvage-For-Victory activities, now ask public cooperation on the tin campaign. Only clean, delabeled, flattened tins are wanted. Youngsters in each neighborhood will be glad to take these to the schools or if any householder has too many tins to send by the children he may leave them in a box at the school nearest his home.

Stanford Offers Free Analyst Training

Of interest to a wide range of persons, returned veterans, draft-deferred men, women interested in chemistry, is the announcement made by Professor George E. Solnar jr., director of Stanford University War Training office, that a new tuition-free, 12-weeks Chemical Analyst Training is to begin on Stanford campus, November 13.

This course is designed to prepare students for immediate employment in essential war industry laboratories. Prerequisite for enrollment is high school graduation, including one year of chemistry or physics and one year of algebra or the equivalent.

Instructional costs, including chemicals and supplies, are provided from federal funds. Students, however, must provide their own textbooks, slide rule, laboratory apron, and arrange for their own board and room.

Record Registration

(Continued from Page 1)

ure for the coming presidential election may top that figure by 35 per cent, he indicated, by the time all of the servicemen's votes have been tabulated.

In Township One, which includes Daly City and Colma, the total registration is 18,657 which breaks down into 5,246 Republicans, 12,692 Democrats, 719 others (mostly non-partisan or Prohibitionists).

In response to numerous inquiries concerning the application of Section 5699 of the Election Code as to the rights of employees to take time off to vote in the coming general election, John F. Dalton, State Labor Commissioner, stated:

"The Attorney General of California has rendered an opinion to the effect that employees are 'entitled to whatever time off is necessary for them to vote, up to two hours, between the time of opening and the time of closing the polls, and that they are not entitled to any time off if the facts show that no time off is needed.'"

Another controversial point in regard to the coming election was cleared up, this week, when it was pointed out that voters may make their choice between the Presidential candidates, regardless of party registrations. Each voter gets the same ballot at the polls, regardless of his party registration and in regard to the Presidential tickets, may vote for the candidate of his choice.

Offenders Pay Fines, October 13

Friday, the thirteenth, probably made as marked an impression on offenders who paid fines in city court that day as on any of the superstitious. Those who had occasion to recall that October 13 was an expensive day were Leonard Pockman, 164 Jordan avenue, San Francisco, who paid a $1.50 fine for disregarding an arterial; Ralph Curtis, 175 Northwood street, San Francisco, $2.50, signal; Mildred White, 3495 Sacramento street, San Francisco, $2.50, signal; Edward Clare, Galt, California, $2.50, signal; Leslie Gordon, 237 Acton street, Daly City, standing in a prohibited place, $2.50; Charles Manfre, Soquel, California, speeding, $10; Joseph Enos, San Francisco, speeding, $5 with $2.50 suspended; Angelo Lena, 1022 Hanover street, Daly City, overnight parking, $6.

Top fine for the day meted out by Judge William J. Sweeney was $50 for reckless driving paid by Jans Pederson, 551 Niantic avenue, Daly City. John Schmidt, 1245 Laguna street, San Francisco, forfeited $10 bail for being drunk in a public place. On the same charge, C. O'Connell, 719 Cole street, San Francisco, forfeited $10, as did James Cumberpatch, Mission Auto Court. Gale Owen, 433 San Diego avenue, Daly City, paid a $25 fine when he plead guilty to violation of City Ordinance No. 209, a second offense.

Herbert Altman, 887 York street, San Francisco, paid a $25 fine for disturbing the peace and being drunk in a public place.

Proponents Of No. 9 Cite Low Salaries

California's teaching personnel for elementary schools has been so drastically reduced by "appallingly low salary schedules" that the grade schools, with 860,000 children in attendance, are being forced to operate with 7,000 less teachers than they had in 1938, before the State's phenomenal growth in population.

William G. Sweeney, acting head of the Department of Education and Teacher Training at San Jose State college, so reported today in a letter to Walter Bachrodt, chairman of the State Committee for Proposition 9, the November ballot proposal designed to cope with the crisis.

Taking note of California's tremendous growth of more than 1,500,000 during the last three years, and rising birth rates during the war period, the state college teacher training executive estimated that California will need 34,000 teachers to staff its elementary schools next year—11,000 more than are now available.

Commented Sweeney in his report: "The main reason for the loss in the profession, in my opinion, is the appallingly low salary schedule."

Service Center

Serving refreshments nightly and providing hostess supervision at the Daly City Servicemen's club, 6201 Mission street, this week are members of Crocker P. T. A. The organization's seven days at the club will be climaxed with a dance for the servicemen, Saturday night, October 21.

No group has been secured for next week, according to the club's committee; individuals will take the evenings for the period.

CARGO HANDLERS VITAL TO AIR TRANSPORTATION

Airline reveals urgent need for men to keep war materials flying

To keep important war cargoes flying on schedule to all parts of the nation and to war zones, a greater number of cargo handlers are needed at the San Francisco Airport today than ever before, reports United Air Lines.

Cargo on planes today is as important, if not more important, than passengers.

The job, for which men are urgently needed, is that of loading and unloading air express, mail, and other cargo. It is not routine or monotonous, because the arrival and departure of every plane offers new experiences.

Working conditions are pleasant at United Air Lines. You have a group of fine fellows helping you, and the crew chiefs, who will train you, are cooperative and understanding.

Transportation to the S. F. Airport is convenient—buses stop at the gate of United Air Lines. And the airline recently opened a new and modern cafeteria for its employees. Employee benefits include vacations with pay, insurance, periodic wage review, and a retirement plan.

Plan today to help out in this vital cargo work. Apply at United Air Lines, San Francisco Airport, Bayshore Blvd. at San Bruno Ave., or 421 Powell Street, San Francisco.

MEASURING UP

Calfornia must accept the opportunity of living up to the state's best tradition.

That tradition is to fill the War Chest. It will take $20,000,000 to fill the quota this year and there remains less than a month to raise this money as the drive closes November 11.

The War Chest is an important enterprise—one of the most important of all wartime activities, in fact.

It supplies the vital needs of 22 official and indispensable war relief agencies in addition to the equally valuable and necessary home front relief organizations.

Before the War Chest program was conceived, most of these essential agencies were more or less "on their own hook" as far as money from the public was concerned. Each put on its own campaign according to its needs and the time best suited to its convenience, with the result that there was scarcely a day throughout the year when the people of California were not being asked to dig down for some cause or other . . all worthy, of course, but inevitably wearing thin the nerves and patience of the people.

Now the people of California find it possible to take care of this entire important matter with one dig. Naturally it has to be a substantial dig, made with real awareness of the purpose of the campaign.

This year, for instance, as War Chest officials have pointed out, the public should be aware of the fact that recent Japanese military success in China has made necessary an additional appropriation of one million dollars for United China Relief.

Moreover, the prolonged and disastrous robot bombings in England have made necessary an additional appropriation of a third of a million dollars for British War Relief

California must bear its share of these additional expenditures, if it expects and desires to be counted in with the rest of the American people in full performance of our obvious national obligation.

The final thing for all of us to keep in mind is that several million young Americans, including a lot of California boys, are putting their lives on the line for the winning of this war, and the rest of us are lucky in being called upon only for our dollars

NOW AT DALY CITY THEATRE

Irene Dunne, star of M-G-M's "The White Cliffs of Dover," meets Alan Marshal at a dance on her first visit to England. In no time, she falls in love with him and marries him. This scene shows their first meeting and what follows from this point on makes for one of the most compelling pictures of the year. "The White Cliffs of Dover" opens tonight at the Daly City theatre.

A job with a locomotive to help you

The job: switching railroad cars, trains . . . coupling 'em, shunting 'em on to sidings . . . freights from all over the country, loaded with guns, tanks, war materials. You'll work with an engine crew (good guys if ever there were any), have a locomotive to do the heavy work. Remember, Southern Pacific's biggest job is still ahead . . . handling the ever-increasing war load for the drive in the Pacific. Your work will be vital. Railroad pass privileges. Fine pension plan. Medical services. The kind of job you can be proud of. Look into this today. (Student Brakemen needed also. Pays about $220 per month, after short training.)

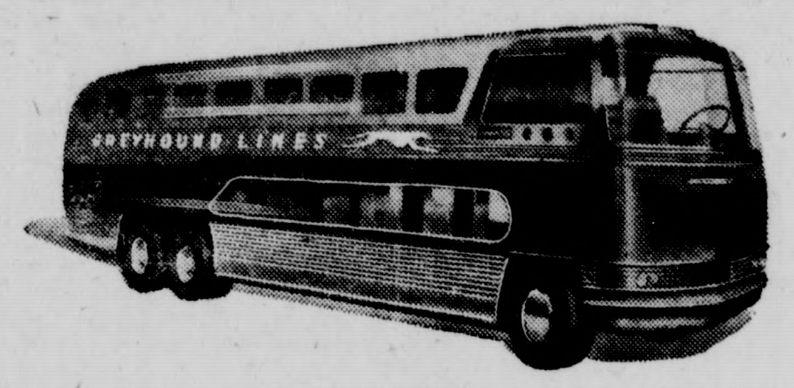
POST-WAR GREYHOUND BUSES PLANNED



That Greyhound is looking ahead to the post-war era with optimism is shown by the well-developed plans for new buses, to be produced as soon as manufacturing facilities are released. The nationwide bus company, which has long been a leader in the development of finer highway transportation, recently let contracts for construction of experimental models of a new compartment coach to seat fifty-one passengers. These will be built by Consolidated Vultee Aircraft Corporation, equipped with an air-cooled aviation type engine, and by General Motors, whose models will be diesel-powered. It is expected that the experimental models will be ready for road tests early next year.

The buses will be the same width and length as the present largest coaches, but slightly higher. Passengers are seated in three compartments, and the new arrangement actually will give more comfort, leg room and freedom of movement than any previous commercial buses. There also will probably be space for rest room facilities and light lunch service.

The use of plastics and larger curved windows will result in improved streamlining and greater visibility. Perfected air conditioning and new methods of shock absorption will add to the comfort of passengers.

An outstanding innovation is the newly-developed demountable rear-end engine assembly, which can be easily detached for repairs while the body remains in service with a replacement power plant Furthermore, the separate engine unit will completely eliminate the transmission of motor noise and vibration to the passenger compartment.

Judging from this first release on specifications of Greyhound's post-war compartment Super-Coach, it appears that highway travelers can look ahead to greater enjoyment and comfort in bus transportation than ever before.

Headquarters

Three new Roosevelt-Truman-Downey - Johnson Democratic headquarters will open in San Mateo county. Redwood City headquarters will be located on Broadway across from the court house, in Menlo Park at 654 Santa Cruz, and in San Bruno at 629 San Mateo avenue.

This makes a total of six Democratic headquarters now open in the county. Other headquarters are: San Mateo, 235 Third avenue; Burlingame, 1159 Broadway; Daly City, 6283 Mission.

Activities directed through headquarters will include a mailing to registered voters, a telephone campaign, and door to door block canvassing, all urging voters to support Roosevelt with a Congress which will help, rather than hinder, his program for victory and post-war security.

Never Forget Cranberries

By Frances Lee Barton

THE glossy red cranberry appears on the market for a few weeks—then vanishes for almost a year. Ignore it when it first appears and you'll probably miss your yearly cranberry pie and cranberry jelly.

Really, the cranberry should be remembered in connection with your winter preserve shelf. A few glasses of cranberry jelly are wonderful aids later on. And some cranberry marmalade is just the thing to bring out as a surprise spread. Thirteen glasses may be prepared from the following recipe — enough for thirteen delightful surprises.

Cranberry Marmalade

6 cups (3 lbs.) prepared fruit; 8 cups (3½ lbs.) sugar; ½ bottle fruit pectin.

To prepare fruit, quarter 2 medium oranges and 1 medium lemon, remove seeds, and slice very thin. Add 3 cups water, and ⅛ teaspoon soda; bring to a boil, cover, and simmer 15 minutes. Add about 1 pound fully ripe cranberries and simmer, covered 10 minutes longer.

Measure sugar and prepared fruit into large kettle, filling up last cup with water if necessary. Mix well and bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard 1 minute. Remove from fire and stir in bottled fruit pectin. Then stir and skim by turns for just 5 minutes to cool slightly, to prevent floating fruit. Pour quickly. Paraffin hot marmalade at once. Makes about 13 glasses (6 fluid ounces each).

Jobs for semi- or unskilled men . . . and at many points, good clerical jobs. Remember, when Germany's finished, S.P. will have more work than ever . . . rolling the war westward in the Big Push against Japan. Whatever job you take at S.P. will be a vital job . . . and will have that interest and excitement to it that is always part of railroading. Good wages. Friendly people to work with. "The White Cliffs of Dover" Opens For Three-Day Showing At Daly City

M-G-M's "The White Cliffs of Dover," which is showing currently at the Daly City theatre, is a powerful love story which spans the years of World War I and World War II. It is also a triumph for Irene Dunne, last seen in "A Guy Named Joe."

As an American visitor in England, Miss Dunne meets Alan Marshal in England. She falls in love with him immediately, and after a brief courtship marries him. Their love is idyllic, but it is interrupted by the outbreak of war. Marshal answers the call to arms and never gets a chance to see his son.

Time passes quickly and another World War has interrupted many a peaceful home and fireside. Again Miss Dunne makes a sacrifice, this time sending her son off to combat against the Nazis. But this is not all. She gives unselfishly of her time, spending days and nights on Red Cross duty in a British hospital. Her son is brought to the hospital mortally wounded, and with her at his side he breathes his last.

Miss Dunne's performance is by far the greatest in her cinematic career. She gives the warmth and color to a role that requires the utmost in perfection. Supporting her are Alan Marshal, who also gives a sterling account of himself as her lover and husband; Frank Morgan, as her father; Roddy McDowall as her son in youth, and Peter Lawford, her son grown up. Also, there are such fine actors and actresses as C. Aubrey Smith, Dame May Whitty, Gladys Cooper and Elizabeth Taylor.

Clarence Brown directed with sympathetic understanding for all the characters.

FARCE COMEDY OPENS AT CURRAN

Programmed as a "yell-raising" farce comedy, "Three Is A Family" is now being presented by John Golden at the Curran theatre every night including Sunday, with matinees Saturday and Sunday.

From Broadway, this three-act laugh riot represents the most recent addition to the list of "Claudia," "Skylark," "Susan and God" and other memorable Golden theatrical hits.

Following the Broadway engagement, John Golden started "Three Is A Family" on a traditional tour with the original Broadway cast featuring Una Merkel, Robert Burton and William Wadsworth, and including Mary Ashley, Dorothea Jackson, Edwin Philips, Helen Stenborg, Alice Buchanan, Jack Woods, William Monsees, Elmer Brown, Eulabelle Moore, Emily Noble, John Morney and Virginia Vass.

"Three Is A Family" has been written by Phoebe and Henry Ephron, a young married couple who have capitalized their own experience as parents of a young daughter to compose this comedy on the hilarious disruptions caused by the presence of a baby in the small comfortable home of middle-aged people when the baby and its mother move in, following the father's entry into the Army. The comedy ran to capacity audiences in New York ever since it first scored its hit-status there.

How to make cabbage interesting, delicious

OF COURSE, "corned beef and . . ." is one way to serve cabbage, and a good way it is, too. But it's far from being the *only* way! For instance, this is delicious:

SCALLOPED APPLES AND CABBAGE

Slice 5 medium-size cooking apples and combine with 2 tbsps. sugar. Finely shred 1 medium-size head of cabbage; season with 2 tsps. salt, 1 tbsp. vinegar, and 4 tbsps. bacon drippings. Arrange alternate layers of sliced apples and shredded cabbage in well-greased baking dish or casserole, beginning with cabbage and ending with apples. Top with ½-cup fine dry bread crumbs; dot with 2 tbsps. butter or margarine; cover. Bake in moderate oven (350°F.) 30 minutes or until done. Remove cover; continue baking at same temperature about 10 minutes, or until crumbs are brown. Serves 6.

Mexican Slaw—To shredded cabbage, add tomatoes cut in wedges, and diced green peppers, and toss with a little sugar, vinegar, and salt to taste.

Slaw au Gratin—Toss shredded cabbage with a little sugar, vinegar, and salt. Pour enough evaporated milk over to make desired amount of dressing, and sprinkle with grated cheese.

Catalina Slaw—Shred cabbage, add generous amount of salted peanuts and cut-up peeled wedges of orange or grapefruit. Toss with little sugar, vinegar, and salt to taste.

Pershing

The executive board of General Pershing P. T. A. will meet Wednesday, October 25, 1:30 p. m. at Pershing school. Mrs. Louise Eliasen will preside. Plans for the unit's magazine whist and the Hallowe'en party for youngsters of the school will be discussed.

The magazine whist, under the chairmanship of Mrs. Margaret Holzworth, will be given, Thursday, October 26, 1:30 p. m. at Pershing school, 631 Hanover street. The public is invited to attend and a pleasant afternoon is promised by the committee.

The Hallow'en party is slated for the afternoon of Tuesday, October 31. Mrs. Marie Pool is in charge of arrangements.

Woodrow Wilson

Woodrow Wilson P. T. A. issues an invitation for card players of the community to attend their whist party, Thursday afternoon, October 26. It will be held at the home of Mrs. Lena Banfield, chairman, 355 Woodrow street. Playing begins at 1:30 p. m.

Woodrow unit urges a "yes" vote on State Proposition No. 9, which if enacted will increase state aid to the schools.

Tips From Local Office Of O. P. A.

(Editor's note: this column is prepared for The Record's readers by the local OPA board and is printed by this newspaper for the convenience of both the public and the board)

Ceiling prices on durable goods—There are dollars and cents ceiling prices set on almost all durable goods both new and used. Durable goods include refrigerators, stoves, washing machines, vacuum cleaners, etc. and the ceiling prices apply whether the goods are sold by a merchant or an individual. A recent case was brought before the local board in which an individual had sold a used refrigerator for $130, the ceiling price for which was $10.50.

The purchaser could have sued for $358.50, or if he did not care to sue, the OPA Administrator would have. Because of the fact that the defendant pleaded ignorance of the law, the hearing panel recommended that the difference between the price paid and the ceiling price be refunded to the purchaser. The point we wish to make is that ignorance of the law is no excuse for infractions. Before you sell, or buy, any such articles, whether from an individual or a dealer, check with your local board for ceiling prices. It only takes a few minutes by telephone and can save you a lot of embarrassment and oftentimes a considerable sum of money.

PAPER SAVING

When salvage paper is collected, to avoid fire hazard, the Department of Agriculture recommends that it be stocked neatly and tied in bundles. Paper boxes should be flattened, then tied in tight bundles. A metal trunk or bin with a tight cover is the safest place to store paper. Next best is to stack paper bundles on a cement floor away from furnace, stove or hot pipes. Soiled or oily paper is useless for salvage and is also a fire hazard and should be destroyed.

Butter supply—As far as supply is concerned, the United States civilians will get 80 out of every 100 pounds of butter manufactured this year. Fifteen pounds of every hundred pounds will be sent to the Russian army . . . chiefly for use in hospitals. The average civilian share this year will be slightly less than 12 pounds per person, as compared with 16.7 pounds for the years between 1935 and 1939, all of which means that civilian supplies, the remainder of this year, will be as tight as they were during the same period in 1943.

Buy War Bonds!

AT JEFFERSON HIGH

By Verna Moresco

PLENTY OF SPIRIT!

The students really showed their school spirit at last Friday's rally held in the school gym. The rally was held for the Jefferson-Albany game played that afternoon.

The band, with its colorful capes of blue and gold, marched on the floor and played "Our Director March," followed by a demonstration by the majorettes, Colleen Robin, Shirley Remmer, and Doris Richards. This is the first time this semester the band has attempted to march.

Other selections by the band included: "Victory March," "Watch Your Step," and "Fight Song." The band also played at the game that afternoon.

Yells were led by Winnie Grant, head yell-leader and her assistants Doris Hahn, Virginia Nestor, and Lois Clarke.

S. B. C.

Student body cards are still on sale and, so far, the sales have been pretty good, but they still aren't 100 per cent. Approximately 470 have been sold, and there are 600 students enrolled.

A student body card makes a student an associated member of the Jefferson Union high school student body. A student also gets cheaper swimming, football, and baseball rates.

So, if you haven't yours, be sure to get one and make the sales 100 per cent.

GPAL

Marvel Ramsey has been chosen as tennis manager. Madelyn Mejia will serve as captain.

GPAL tennis is held on Tuesdays and Thursdays.

A GPAL meeting was scheduled for this week for the purpose of electing officers.

BOND RALLY

Under the title of "Freedom Calls," a bond rally will be the feature attraction in Jeff's assembly this afternoon.

The rally "Freedom Calls" was written by Eva Claus and Ed Boyle.

Participants include: Ed Boyle, Eva Claus, Pat Marocco, Barbara Gregor, and the chorus under the direction of John McCarthy.

The purpose of the rally is to increase the sales of stamps in order that Jeff might keep the Treasury flag every month. Last month's per cent was 90.

OH, WELL

You can't win all the time—that was true of the Jefferson-Albany football classic held, Friday, October 13. Jeff lost to Albany with a score of 41-6, Jeff's touchdown being made the last quarter by Don Welsh.

Captain for the Albany game was Mervin Francies.

SOMETHING NEW!

A new feature has been added to the band when they appear at football games, and that is a tumbling act done by Beverly Farthing and Charles Hulse.

They first appeared at last Friday's rally and it is hoped that they will perform at all games.

"HOO-DOO JUHP"

Now, that that's over with, the entertainment committee is beginning to think about another dance to be held in November.

The last dance, the "Hoo-Doo Jump," Friday, October 13, proved a success under the leadership of Virginia Nestor, entertainment committee chairman, and the twelve members on her committee.

The theme featured a jungle scene with palm trees, tigers, and ubangis. The checking room and the center of the dance floor were attractively decorated as jungle huts.

News From Schools Of Jefferson Elementary School District

AT WOODROW

Honoring Columbus Day, the high fourth grade correlated social studies, art, and language by studying and writing of the discovery of America, and coloring pictures of the Santa Maria.

Some very interesting reports have been given about the "San Francisco Bay Area," which is the subject for social studies in Room 5. The children have discovered many places of interest with which they were not before familiar.

In Room 8 the boys and girls have been learning of the Indian civilization on this continent before Columbus arrived here.

The sixth grade has started to make notebooks which include pictures and compositions about the unit of work on "Transportation."

The boys and girls of Room 12 are making a scrapbook about modern machines and their stories.

Room 14 is learning about the early history of San Mateo county.

The low fifth saw a very interesting film called "Civilization Fabric." This film showed the story of cotton from the blossom on the cotton plant to the finished fabric.

The children discovered the many processes cotton has to go through before the fabric is finished.

AT CROCKER

Fourteen and one half tons of paper was the result of a three weeks paper drive at Crocker school. This outstanding record is so commendable because all of the fourteen and one half tons were brought in outside of school time. No paper was brought into the building after the bell rang on any day; thus, the children lost no school time in their patriotic duty. The seventh and eighth grades themselves brought in ten tons, and the remaining four tons were brought in by the fifth and sixth grades.

On an improvised bulletin board set up in the hall, the daily record, in accumulative figures, was posted. Competition ran high. The average pounds per pupil was 158.83. Teachers and students are very proud of this record. Every paper drive which has been given in the district has been won by the Crocker students!

Last week the pupils of Room 2 welcomed Harold McKinney to their room.

The students of Room 3 welcomed a new boy to their class this week. He is Richard Blackburn of Oakland.

Gary Chamberlain has moved to San Leandro. Florence Nordgren, a student from Room 6, spent the week-end in Madera visiting former residents of Daly City, Mr. and Mrs. Rasor, on their farm.

Fred Bricker was one of the Sea Scouts who had a part in the Columbus Landing program at Washington park.

AT JEFFERSON

Jefferson eighth graders like to debate questions of the day. So occasionally, a lively debate is indulged in, during the current events period. This week's current events provided an interesting topic 'The Next President'—Who will it be?

After an animated discussion, in which the entire class considered the chief issues of the 1944 election campaign as outlined by Republicans and Democrats, members of the class volunteered to take sides and debate the question of who should be the next President.

The silent film 'Citrus on Parade' was shown in the eighth grade during social studies period. The picture provided a tour through sunny groves of orange and lemon trees and showed year round pickers at work. Then followed scenes in the packing house, where fruit was being washed, scrubbed, rinsed and then dried in warm air.

The grading, branding, and sorting for size, wrapping and packing for shipping, completed a very interesting and colorful picture and left the class conscious of California's great fruit industry.

Eighth graders are doing their bit to bring a little sunshine to one of their classmates, Doris Ottoboni, who will be confined to the hospital for some time. From time to time little remembrances of one sort or another are being sent. One week a lovely gown and bed jacket was the gift; then a good story book; last week a package of letters from her classmates.

The class has received a letter from Doris, telling them of the interesting activities provided for the children in the hospital.

Seventh grade students have been drawing the main outlines of a plane, this week, and studying the parts that help keep it in flight.

The sixth grade have found it especially timely to study the plots and music of well known operas. The children have made some unusually fine, original drawings of characters taken from the operas studied. Beverly MacDonald's colored sketch of Cio-Cio-San from Madame Butterfly was particularly fine.

NOW FOUR YEARS OLD

Selective Service was four years old, Tuesday, October 17, and Daly City Draft Board No. 103 joined with other San Francisco area boards for a dinner in honor of the anniversary. It was held at Joe Di Maggio's at San Francisco's famous Fisherman's wharf.

The group attending from the local headquarters included Dr. J. C. McGovern, board chairman, and his daughter, Miss Virginia McGovern, Fred A. Collins, secretary; Mrs. Isabelle Flynn, chief clerk; Miss Elsie Olcese, and Miss Lorraine Lavagnino. All took friends along to the event, as did the other Selective Service chairmen and office staffs. Since a regional conference of state directors was held in San Francisco on the same date, the Selective Service workers and their friends had opportunity to meet and hear top executives of the west.

No new calls have been received by Daly City Board No. 103. There are two on file now, one for three men for induction, October 23; the other, 36 men for pre-induction physicals, October 31.

To a man who'd like to be a railroader

Trains. Locos. Railroad talk. Southbound. Northbound. Hot freights. War materials. Troops moving. That's the railroad. And that's the kind of thing that somehow gets in your blood when you're a railroader, makes your job seem just a bit more exciting, a bit better than the other fellow's. Now all this is leading to a straight-from-the-shoulder proposition: If you want a good job (and we mean a good job), Southern Pacific has one for you. We have an opening for you as Yard Clerk—a job not too easy to get in ordinary times. A job with plenty of opportunity to get ahead. Now you don't need experience, just commonsense. The work: checking cars in the yards, keeping car and seal records in the yard office. A good gang to work with. Good pay. Railroad pass privileges, fine pension plan. Liberal age limits. And above all, a job with a big, permanent company. We think you'll like it. Why not come in talk it over?

The department in Milo's is one of three Traders' Groceterias in the San Francisco area.

Dr. Barkley To Speak At J. C. Adult Forum

Dr. Thomas Barkley of the Stanford faculty, a Democratic elector, will address the Peninsula forum at the **San Mateo junior college,** Monday evening, October 23, on the subject of "The 1944 Campaign: a Democratic Appraisal." The public is invited to the lecture and to the Monday evening series of talks throughout the year. The national elections, conditions in the United States, the world war, and post war period are some of the many subjects discussed by visiting speakers.

OBITUARY

Funeral services were held, Tuesday morning, October 17, for Albert G. Lafayette, 77, who died at Community hospital, San Mateo, October 14. A resident of Daly City, living on Los Banos avenue, Lafayette had been here 34 years. He leaves no survivors.

Interment was at Olivet Memorial park.

False Alarm

For the past ten days, the Daly City Fire department has had a letup from g r a s s fires. Only alarm was a false one, Sunday, October 15, 2:30 p. m. Companies 1 and 2 responded.

The alarm was turned in from Box 13, Hillcrest and Santa Barbara. The men were accompanied by Chief Andrew P. Chesney, Assistant Chief Arthur Bodien, and Battalion Chief Elmer Kennedy.

Council, Veterans Hold Conference

At Monday night's caucus meeting, Daly City's council met with a delegation from the two local Veterans' groups, Daly City Post No. 410, American Legion, and Old Glory Post No. 2044, V. F. W., to discuss the site for the proposed War Memorial to be constructed here under the sponsorship of the San Mateo County Planning commission. Initial plans call for an appropriation of $75,000 from the county and the city was to provide the site so that the major portion of this fund could be used for the actual building.

The old Market Street railway rock quarry has received most attention as a probable site. Proponents of this location point out that it would be readily adjacent to the business district but at the same time have parking space available. However, the selection of a site is by no means final as yet, Mayor A. J. Gaggero indicated, and committees were named, Monday night, to continue study of the project.

Arthur J. Bodien and R. A. Klassen, city building inspector and engineer respectively, sat in on the Monday night conference.
